EDUCATION

University of Wisconsin - Madison

B.S. Data Science, B.S. Economics

Spring 2026 – Present

Cumulative GPA: 3.5

Michigan State University

B.S. Economics

Fall 2022 – Spring 2023

Cumulative GPA: 3.75

SKILLS

Certifications: Google AI, Google Advanced Data Analytics, Mastercard Consulting Simulation, Quantum Data Analytics

Programming: Pandas, SQL, Python, R, Kotlin,

Productivity Tools: Microsoft Excel, PowerPoint, Word, Google Workspace

WORK

DesignJ – Operations Assistant

May 2026 – Present

- Supported furniture distribution and on-site installation for commercial clients including COMPOSE COFFEE.
- Assisted with B2B partnerships projects and proposal development across multiple business platforms.

Barunhome Corp. – E-commerce Merchandiser

Jul 2025 – Dec 2025

- Expanded marketplace distribution through new platform onboarding, generating new revenue from zero.
- Managed furniture category merchandising, assortment and promotions to support sales performance.

MSU Culinary Service – Student Cook & Receptionist

Jan 2023 – Apr 2023

- Managed POS transactions, end-of-day financial reconciliation, and daily closing procedures at Sparty Market.
- Optimized inventory restocking and prep workflows to ensure seamless operations during peak campus hours.

ACTIVITIES & EXPERIENCE

Korean Business Student Association – Team Member

Jan 2026 – Present

- Conducted corporate valuation and KPI tracking through weekly investment presentations.
- Developed a fintech turnaround proposal using fraud detection and risk segmentation strategies.

Korean Catholic Scout Association – Team Leader

Mar 2017 – Dec 2025

- Dedicated 60+ hours to wetland conservation alongside global teams, contributing to its official Ramsar designation.
- Directed global JOTA-JOTI events as an operating agent and translator to facilitate youth cultural exchanges.

Dec 2023 – Jun 2025

- Managed 24/7 frontline security using surveillance systems and served as a machine gunner.
- Led a squad in high-pressure environments, earning 3 merit awards for outstanding leadership and operational readiness.

PROJECT

HERO: AI-Powered Emergency Monitoring App for Older Adults

May 2026 – Present

- Developed API integrations for an AI-based rural emergency platform using Kakao Map API and weather services
- Contributed to a wearable healthcare monitoring project utilizing AI voice calls and real-time anomaly detection

JHHS STEM Research Mentoring Program

May 2026 – Present

- Mentored a high school team on RDKit-based solubility analysis project, focusing on workflow design and feasibility.
- Guided project scoping, descriptor-based data structuring, and model evaluation for an AI/chemistry research initiative.

College Student Performance & Sleep Analysis

Mar 2026 – Apr 2026

- Analyzed 10,000 student records to examine how sleep duration and class attendance relate to GPA.
- Used R with AI-assisted workflows to perform hypothesis testing, visualize trends, and interpret performance patterns.

Quantitative Research Project: Experimental Data Analysis

Jan 2023 – May 2023

- Collected repeated lux measurements across three lamp types and calculated mean brightness and standard error.
- Visualized results to compare test conditions and identify LED bulb type as a likely factor in brightness differences.

AWARDS
